

Get a handle on building codes for door hardware

Earn 14 CPD points*

Building codes for door hardware are an important part of planning any new commercial building. To help you select the right product for the purpose, Lockwood is running Commercial Training Program (CTP) sessions across Australia. Aimed to give you a better understanding of product requirements to suit your commercial application.

Lockwood's CTP delivers not only relevant information on building codes but also valuable formal Continuing Professional Development (CPD) points. CPD points are now compulsorily in most states of Australia. Our training sessions will not only provide you with a greater understanding of building codes and door hardware products, but also 14 CPD points!*

Make the right decision and visit lockweb.com.au to enrol in a session today!

Lockwood Formal Training Programs	CPD Points
Mortice Locks and related building codes	4.0
Commercial Door Furniture, Key and Knob/Lever, Mechanical Digital, Panic Exit Devices and related building codes	5.0
Commercial Keying, Door Closers and Electro-mechanical products and related building codes	5.0

For dates and more information please visit lockweb.com.au

* 14 CPD points can only be earned when all three Lockwood formal training programs are complete.
